PROFESSIONAL SUMMARY

Motivated Mathematics and Computer Science graduate with hands-on IT support and network administration experience. Comfortable troubleshooting across Windows and Linux, supporting end users, and collaborating with teams. Fast learner committed to mastering new technologies.

EDUCATION

Jomo Kenyatta University of Agriculture and Technology (JKUAT)

BSc. Mathematics and Computer Science | Graduated: August 14, 2026

St Marys Kibabii Boys National School

Kenya Certificate of Secondary Education (KCSE) | 2021

TECHNICAL SKILLS

- i. Operating Systems: Windows, Linux (troubleshooting and support)
- ii. Networking & Cybersecurity: Networking Principles, Cybersecurity Concepts
- iii. Programming: Python, C++
- iv. Data & Databases: SQL, R
- v. AI & Data Science: AI/ML
- vi. Tools: Microsoft Office

EXPERIENCE

TotalEnergies Marketing PLC — Attachment *June 23 – September 5, 2025*

Provided IT operations support including occasional end-user assistance with PC and software issues, alongside network administration, system monitoring, and cybersecurity protocol implementation.

PROJECTS

i. Easy Money Flow

Personal finance tracker inspired by M-Pesa; tracks daily spending and visualizes budget flow and money habits with charts and heatmaps. Tech: Python

ii. Inventory Management System

Command-line system with CRUD operations and database design. Tech: Python, SQL

iii. ML-Powered Personal Finance Assistant

Analyzes spending from bank statements or manual entries to surface categories, monthly trends, and personalized budgeting recommendations. Tech: Python, Machine Learning

iv. Cybersecurity Threat Detection

ML-based system for detecting network threats and anomalies. Tech: Python, Machine Learning, Networking

CERTIFICATIONS

- i. Introduction to Power BI for Beginners (Simplilearn)
- ii. Introduction to Cybersecurity Awareness (HP LIFE)
- iii. Artificial Intelligence Part Time Course (Moringa School, Dec 2025)

PROFESSIONAL ATTRIBUTES

- i. Analytical & Problem-Solving: Strong quantitative and logical reasoning abilities
- ii. Collaboration: Proven team player with effective communication skills
- iii. Adaptability: Eager to learn new technologies and concepts
- iv. Time Management: Skilled in organizing and prioritizing tasks
- v. Languages: English, Swahili
